Revenue cycle management company Avisena has been named South Florida's Leading Innovator in the Marketplace among the top 100 minority business enterprises by the Greater Miami Chamber of Commerce.

Miami, FL (PRWEB) March 24, 2008 -- Avisena, a revenue cycle management company specializing in medical billing services and practice management, has been named the 2008 Top 100 Minority Business of the Year by the Greater Miami Chamber of Commerce. A complete list of their medical services is available at [www.avisena.com](http://www.avisena.com). "We are honored to have been selected for this esteemed award, especially given the extremely successful companies who were the 2008 Top 100 Minority Business of the Year winners," said Robert J. Holsen, Chairman & CEO. Awarded on March 18 at Jungle Island in Miami, Florida, the Top 100 Minority Business of the Year Awards recognize the accomplishments of the South Florida Market. Winners demonstrated achievements in overall growth, as well as excellence in innovation, employee training & development, and future expansion plans.

Headquartered in Miami, Florida, Avisena is a revenue cycle management company that helps medical practices through practice management software live better. Avisena's approach combines experienced medical professionals, highly efficient back-office processing services and industry-leading technology. Avisena currently serves physician practices nationwide with their medical billing software solutions, available at [www.avisena.com](http://www.avisena.com)

About Top 100 Minority Business of the Year:

100 of South Florida minority-owned businesses had the opportunity to be recognized for their achievements. The Top 100 Minority Business Awards recognize diverse minority businesses as defined by federal guidelines. The 2008 Top 100 Minority Business of the Year is presented by Bank of America and Florida International University College of Business Administration, ICG, Goldstein, Scheckter Koch, and Holsen, Inc.
