

REAL ESTATE

You interact with **REAL ESTATE** every day and in many ways. Every piece of property is owned and controlled by someone or some entity. Every **PROPERTY** has to be managed, leased or financed. If you love finance and want to explore the financial aspects of all real estate transactions, from **RESIDENTIAL** to commercial to international, there is an opportunity. If you want to **MANAGE** office towers or develop property, this is your opportunity. A real estate degree from the College of Business will prepare you to make **DECISIONS** in real estate and real estate finance industries.
