**Important Notice**
The Professional MBA Online program requires that students purchase all textbook and class materials before the start of classes. If you cannot purchase your class materials, you will not be able to receive a passing grade in your courses.

If you are using Financial Aid, the disbursement schedule falls under the regular semester based academic calendar, which the program does not follow. Because this is an accelerated program, we are under a quarter based and not semester based calendar. Due to this, at times your Financial Aid may not disburse by the first day of class. Regardless, students are expected to purchase class materials before classes begin.
