May 2019

---

The fee for the 2018 entering Professional MBA class is $48,000.00. A $500 nonrefundable Professional Development fee is due upon acceptance into the program. The remaining balance is payable on a semesterly basis. The balance of the first installment is due January 13th, 2018.
Because state law prohibits the University from extending credit, fee payment cannot be delayed beyond the start of classes or financed by the Professional MBA Program or the University. An exception to the advance payment policy will be made only for those program participants who have been granted financial aid by the University (scholarship, fellowship, loan) and granted deferment.

If a participant expects to receive aid from other sources for all or part of the program fees, but will not receive that aid in time to meet the advance payment deadline, he/she should arrange for financing through a bank or other financial institution to insure that program fees are paid on a timely basis.

1 Dates provided are tentative and subject to change.
2 The fee for out-of-state and international students is $52,000.00.
