FIU Mission to Market

## DR. WALTER E. MASSEY ENTREPRENEURIAL FELLOWS PROGRAM

Are you a Professional MBA Student?

Then this opportunity is for you!

You are invited to apply for the newly implemented Dr. Walter E. Massey Entrepreneurial Fellows Program. As a Massey fellow, you will assist in the transition and development of new venture and products for FIU and DOE technologies. You will be exposed to innovators, investors, and thought leaders in technology, entrepreneurship, and economic development.

During the academic semesters you will: conduct technical assessments, techno-economic analysis, market analysis, customer development, and financial analysis, and work with innovative businesses.

During the summers you will have an opportunity for a paid internship at a DOE National Lab to further develop your technical, technology transfer, and venture development skills.

For more information please submit your resume to [mbahelp@fiu.edu](mailto:mbahelp@fiu.edu) or call 305-779-7957.
