The College of Business at FIU, a global leader in international business, offers both graduate and undergraduate dual degrees as well as international study opportunities.

**Undergraduate**
The undergraduate dual degree BBA program is offered at a discounted tuition rate. Students can earn two bachelor’s degrees in business with 90 credits at their home institution and approximately 36 credits, or one full calendar year at FIU.

**Graduate**
The graduate dual degree programs are also offered at a discounted tuition rate. Earn two degrees in almost the same time that it would take to obtain one. The graduate dual degree programs allow students to transfer coursework from their home institution to an FIU Business graduate program.

**We offer the following graduate programs:**
Master of International Business
International Master of Business Administration
Master of Science in Finance
Master of Science in Management Information Systems
Master of Science in Human Resource Management
Master of Science in International Real Estate
Master of International Business Online
Master of International Business Hybrid
(one semester online, one semester on campus)

**Inbound Study Programs**
The College of Business offers specialized one and two week programs with custom designed courses at both the graduate and undergraduate levels for incoming students, faculty or professional groups. Participants will receive a certificate of completion at the end of the program.

**Executive Education Programs**
The college specializes in developing customized executive education programs to meet the needs and requirements of its client organizations.

**Study Abroad Programs**
For undergraduates, we offer student exchanges in cooperation with the Office of Education Abroad (http://educationabroad.fiu.edu). We welcome students to study for a semester or year at the College of Business.

**Non-Degree Seeking Summer Abroad Programs**
This program is for undergraduates to come to FIU for 6 weeks in July or August and complete 2 business electives which can be transferred back to their institution. We also offer research and faculty collaborations.

Dual degree rates range from approximately USD 20,000 to USD 26,000 for tuition only. Living and maintenance expenses are estimated at USD 15,144 depending on students’ preferences. (Fees are subject to change)
