WELCOME

A global perspective, renowned faculty and a cutting-edge curriculum that reflects real-life business challenges—these are just a few of the reasons to choose Chapman Graduate School of Business at Florida International University. Here, you’ll learn from faculty who are leading scholars and in-demand business consultants, who will help transform you into the leader you want to become. We are South Florida’s leading business school, accredited by the AACSB (Association to Advance Collegiate Schools of Business) and consistently ranked among the top U.S. schools in international business by Bloomberg Businessweek, U.S. News & World Report, América Economía, and CNN Expansión, among others. We prepare global business leaders for the challenges ahead, and we encourage you to apply and be part of our dynamic learning community.

MIAMI: WHERE GLOBAL BUSINESS HAPPENS

Study and work in Miami, the nexus for global business. With its strategic gateway location and unmatched air connections to international destinations, South Florida is a favored location for regional and hemispheric headquarters for businesses around the world. A booming city for business development and global transactions, Miami is one of the leading centers for international banking and finance, and is the telecommunications gateway to Latin America and the Caribbean. Our location, combined with our premier role in business education, give you unprecedented access to global industry leaders and international business opportunities. This is a city — indeed an entire region – of exceptional opportunity.

Three state-of-the-art facilities are at the center of learning. The College of Business Complex, located at the Modesto A. Maidique Campus (MMC) in Miami, is equipped with the latest technology and multi-media classrooms. We also offer our programs in the heart of Miami’s financial district, FIU Downtown on Brickell, and at our brand new facility in Broward, FIU at I-75 in Miramar.
Introducing our MBAs and Specialized Masters Programs. Which is right for you?
A WORLD CLASS MBA IN 12 MONTHS
Prepare to compete and succeed on a global level. The full-time, one-year International MBA (IMBA) program is one of the highest ranked programs in the country—ranked #15 by U.S. News & World Report (2016), #40 in the world by América Economía (2015), and #56 for best full-time MBA program by BusinessWeek (2014). You’ll gain a deeper understanding of global business issues, build cultural and linguistic fluency, and choose to study abroad or elect an internship experience at an international or multinational company. Our IMBA experience reflects the world’s diversity—more than half of the students and faculty in this program are international.

AT A GLANCE
• 49 credit hours of coursework
• Start Date:
  - August at the Modesto Maidique Campus (MMC); meets daytime Monday through Friday
• Fall and spring terms are 8 weeks long and consist of 2 mini-terms per semester

Career Management Services
We offer the tools, connections and support to prepare you for your ideal career. Our Career Management Services (CMS) professionals connect you with industry insiders through career fairs and on-campus interviews, enhance your marketability through professional development workshops, help refine your resume and cover letter, and provide individual career counseling. CMS also offers a wealth of online, group and individual tools to support your job search. We have active recruiting relationships with organizations across a breadth of industries, and we are continually developing new and exciting partnerships with leading companies.

You can have the professional advantage and be well prepared for new opportunities and career advancement.

A POWERFUL NETWORK
The 50,000 College of Business alumni extend the reach of the college community beyond South Florida, to every corner of the nation and in many countries throughout the world. The ongoing support and involvement of College alumni is remarkable and lasting; they are accomplished, successful business leaders who maintain a strong connection to the College throughout their lifetime. Nearly 20% of our alumni own their own businesses. Approximately 70% work in Florida, in organizations that collectively represent a major part of the state’s economy, and a large number work for international or multinational firms.
