Friedan taught here

I read The Miami Herald's account of Betty Friedan's passing with great sadness (*Betty Friedan, philosopher of modern-day feminism, dies, Feb. 4*). She and I co-taught for many years together, including at Florida International University. I'm sorry that her teaching at FIU was not mentioned. We taught the course Men and Women in Management here in the mid-1990s. We will all miss her terribly.
